Service you are interested in not shown here? Send me an inquiry and let's chat! In addition, any unusual materials or services may be subject to higher rates than those listed here; please email me for a custom quote!

## OTHER POLICIES

### ARTISTIC STYLE

Calligraphy services are a subjective art and I have an ever-evolving style and technique; before contracting my services, please review my work on my website and/or social media to ensure you like and trust my artistic style and abilities. Unlike a computer font, calligraphy is handwritten and no two letters or words will be the same; these variations make every piece a work of art!

### MATERIALS

All pricing is for calligraphy services and does not include materials (envelopes, signage, etc). I can provide information on where to purchase materials, or for a fee, I can purchase the materials. Please include at least 20% extra of all paper materials in case of errors.

### TEXT SUBMISSION

It is extremely important that you thoroughly check your address list for correct spelling of all words and indicate exactly how you want the words to look. Your addresses will be written as they appear on your address list. Please submit your list in a Google Sheets/Excel or Google Docs/Word document.

### INTELLECTUAL PROPERTY

All commissions are for personal use only; as the artist Inkwell Scripted remains the sole owner of all artwork. Commercial licensing agreements are available. You are encouraged to share images on social media by tagging @inkwellscripsted. Professional photography of my work is also always appreciated.
